## WATERFRONT NEWS

P. M. S. S. CHINA.

Well known liner which arrived from the Orient yesterday. She will sail for the coast today with the mail.

### CHINA HAD LIGHT LIST

The well known Pacific Mail liner China arrived off port at three o'clock yesterday afternoon, ahead of time as usual. The quarantine inspection was very brief as there had been no sickness aboard. The steamer had a most pleasant and uneventful voyage across the Pacific, good weather prevailing on the entire trip. She brings 500 tons of freight to this port and a full cargo for San Francisco. The cargo for Honolulu is mostly Oriental foodstuffs and goods for the local Chinese and Japanese stores.

The China's passenger list is very small. She has none for Honolulu and only 30 for San Francisco. Among the passengers is Grant Wallace who has been representing the San Francisco Bulletin at the front. He is also connected with the Booklover's Magazine and the London Press Association.

Col. E. C. Ellison is a retired officer of the British army who is on a tour of the world.

Mr. and Mrs. H. E. Bell are school teachers returning from the Philippines. Mrs. James H. Blount is the widow of Colonel Blount, U. S. Minister to Hawaii under the Provisional Government.

Mr. D. Brun is a captain in the Danish army formerly attached to the staff of General Kuropatkin.

Mr. H. Franke is a German army officer on a tour.

Mr. J. E. Hawk is a postoffice official in the Philippines. He was formerly in the 14th Infantry and took part in the relief of Peking.

Capt. J. A. Logan, U. S. A., is an army officer returning from the Philippines.

Mr. E. E. Parsons is an engineer who is making a tour of the world.

Mr. J. A. Nugent and Mr. S. W. Taylor are business men of Manila.

Mr. On Sho Tchun is a Chinese secretary of legation.

The China will take on coal here and sail for the coast at 12 o'clock today.

### Reinsurance Paid.

The reinsurance money for the sugar steamer Conemaugh which has been posted as lost by Lloyd's has been paid to the Honolulu people who gambled on the ship's fate. The Conemaugh sailed from this port last December and was never heard of after leaving Honolulu. The local shipping men were of the opinion that she would show up but considerable money was sent to San Francisco to be played against her arrival. The money for the lucky guessers arrived on the Sonoma.

### Won His Suit.

Customs Broker H. J. Johnston won his appeals to the Treasury Department from the fine imposed for the barkentine Echo not having a crew list and from the decision that the Lothair which lay off port some weeks ago when her captain was sick must pay wharfage fees. Both fine and fees were ordered remitted.

### Shipping Notes.

The Iroquois will sail for San Francisco Saturday.

The steamer Mikahala sailed for Kauai ports yesterday.

The barkentine Amaranth was busy yesterday taking on ballast.

The British ship Fairport began discharging her cargo of nitrates for the Hawaiian Fertilizer Company yesterday.

The survey board has recommended that the Iroquois be repaired and overhauled. The work will cost about \$1000.

Good progress is being made on the new wharf at the foot of Fort street. The beams are nearly all in place and the planking will be put on soon.

The Skip, a twenty foot sloop belonging to Mr. Ward has been sold to J. E. Jaeger, treasurer of Allen & Robinson. The consideration was \$70.

Five crews of landsmen from the training cruiser Buffalo were out on the bay yesterday afternoon practicing. They went through maneuvers with the oars and practiced landing at the wharves.

Don't Delay Registering.

### PEHELPS MAY NOT WINTER HERE

This is still considerable question as to the movements of the ship Erskine M. Phelps which is at present tied up at Navy Wharf No. 2. It is probable that she will remain in port until the opening of the sugar season yet there is a possibility that she may sail for the nitre coast to load nitrates for New York or Philadelphia. In the latter case it is probable that she will bring another cargo of coal to this port for the government and carry sugar away with her. Captain Graham seems satisfied with this port and doubtless would cast his vote in favor of remaining here until the opening of the season.

### Why Delay Registering?

### ANOTHER FIRE LAST NIGHT

(Continued from page 1.)

of the store. She had just retired and was half asleep when she heard a crackling and looked out of her window in time to see the whole store in flames. She tried to telephone an alarm but failing she ran out crying "Fire." A soldier, who was passing, ran down to the corner of Liliha and School streets and turned in an alarm. The department responded quickly but the house was too far gone to be saved. The shack in the rear was gutted.

Mr. Puaa said that the fire seemed to originate at the back of the house near the ground. As the Chinaman often cooks in a little shed at the back it is thought that he left some sparks and that these were the cause of the blaze. It is not known whether there was any insurance but it is reported that the Oahu Lumber Co. has a mortgage on the building. Residents of the neighborhood are loud in their requests for a fire alarm box, the nearest being at School street and the nearest mauka at Judd street.

### LOCAL BREVITIES.

The funeral of Miss Helen Storrs Lowrey was held at the family home Wednesday afternoon. A large concourse of friends was present including many of the young people who were associated with her at Punahou. The floral tributes were most beautiful. Rev. W. M. Kincaid officiated and a quartette sang. The body was cremated and the interment took place in Nuanu cemetery yesterday morning.

### Register Early.

"Anyway," said the Cheerful Idiot, as he looked over the Tired Citizen's shoulders at the picture of an Igorroite dog feast, "there's one part of the canine they don't seem to fancy." "What's that?" asked the Tired Citizen, accommodatingly. "The pants," replied the Cheerful Idiot, with loud laughter. —Baltimore American.

### THE TRUTH ALWAYS.

"When you are in doubt tell the truth." It was an experienced old diplomat who said this to a beginner in the work. It may pass in some things, but not in business. Fraud and deception are often profitable so long as concealed; yet detection is certain sooner or later; then comes the smash-up and the punishment. The best and safest way is to tell the truth all the time. Thus you make friends that stick by you, and a reputation that is always worth twenty shillings to the pound everywhere your goods are offered for sale. We are able modestly to affirm, that it is on this basis that the world-wide popularity of WAMPOLE'S PREPARATION rests. The people have discovered that this medicine is exactly what it is said to be, and that it does what we have always declared it will do. Its nature also has been frankly made known. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. A combination of supreme excellence and medicinal merit. Nothing has been so successful in Anemia, Scrofula, Bronchitis, Influenza, Loss of Flesh and Wasting Diseases, Weakness and Low Nervous Tone, and all complaints caused by Impure Blood. Dr. Austin D. Irvine, of Canada, says: "I have used it in cases where cod liver oil was indicated but could not be taken by the patient, and the results following were very gratifying." It cannot deceive or disappoint you, is effective from the first dose and comes to the rescue of those who have received no benefit from any other treatment. It represents the dawn of progress. Sold by all chemists everywhere.
